For FOOD MACHINES H1 BELL HAMMER

Lubricant

Rustproof

Dampproof

Osmosis

H1 BELL HAMMER SPLAY (420ml)

# H1 BELL HAMMER

H1 BELL HAMMER is Food Grade Lubricant Spray formulated high-refined paraffin oil and PTFE in the best balance.

A conventional H1 lubricant has a adhesion performance and penetration Performance overwhelm, and exert a great drag in the wear performance and Smooth performance.

Please use appropriate amount applied to a variety of food manufacturing Machinery and production line.

H1 BELL HAMMER CARTRIDGE GREASE No.2

H1 BELL HAMMER Stock liquid (1000ml) undiluted liquid

## SPECIFICATION

NAME	Extra Grade Lubricant
TYPE	Oil
USAGE	Lubricant & Rustproof for Machinery
Ingredient	liquid Paraffin, Synthetic Hydrocarbon oil, PTFE, Antioxidant, etc...

## H1 BELL HAMMER Comparison list for oil

### Influence on rubber

Kind of the rubber (shortend code)		Kind of the rubber (shortend code)	
Natural Rubber (NR)	×	Nitrile Rubber (NBR)	◎
Butadiene Rubbeer (BR)	×	Acrylic Rubber (ACM)	◎
Styrene Rubber (SBR)	×	Polyurethane Rubber (U)	◎
Butyl Rubbe (IIR)	×	Siliconr Rubber (Si)	◎△
Ethylene Propylene Rubber (EPM)	×	Fluoro Rubber (FPM)	◎

- ◎ No or little influenc
- Endure well used by some, but the conditions are somewhat of influence
- △ Not suitable for too much use
- × In fluence/Use ineligible
- Non Date

Note) Date by the room temperature. Case of high temperatures, should be confirmed by a practical test by the test piece.

### Influence on plastic

Kind of the plastic (shortend code)		Kind of the plastic (shortend code)	
VinylChloride Resin/soft (PVC)	△	Fluoro-Resin (PTFE)	◎
VinylChloride Resin/hard (PVC)	○	Polycarbonate (PC)	◎
Polystyrene (PS)	—	Polymethylpentene Resin (TPX)	◎
ABS (ABS)	◎	Polyurethane (PU)	—
Polyethylene (PE)	△	Phenolic Resin (PF)	◎
Polypropylene (PP)	◎	Melamine Resin (MF)	◎
Nylon (PA)	◎	Epoxy Resin (EP)	○
Acrylic Resin (PMMA)	○		

## Experience for Miracle Performance

Suprising at High Performance of H1 BELL HAMMER.

Order me after Consent of High Performance

### Test to Compare with Differences in Wear Scar

## Caution

H1 BELL HAMMER Do not use the bellows

1. Brake, Clutch system
2. V-Belt
3. System to use friction/Grip
